

LUNG CANCER AWARENESS MONTH

**EARLY
DETECTION
SAVES LIVES**

Are you at HIGH RISK for LUNG CANCER??

- *Have a 20 yr or more smoking history?
- *Smoke now or have quit in the last 15 years?
- *Are between 50-80 years old?

**Centers for Disease Control and Prevention
recommend annual lung cancer screening
with a LOW DOSE COMPUTED TOPOGRAPHY
(LDCT) detailed scan of lungs.**

**If cancer is detected, additional
screening/testing may be recommended.**

**Share your smoking history with your Doctor and be
PROACTIVE!**
